

Mariam Bassalious,  
DNP, FNP-BC

Dr. Bassalious is a family nurse practitioner and treats patients from newborns to older adults. She provides primary medical care including annual physical exams, immunizations, treatment of illnesses, and treatment of chronic medical conditions. Dr. Bassalious is passionate about providing patient education, preventive medicine, women's health, and weight management. Her favorite part of her job is getting to know her patients and their healthcare needs, involving her patients in their plan of care, and helping them meet their medical goals. In her free time, she enjoys spending time with her family, watching TV, and reading.
