

Faizeh Faouri,  
PhD, LLP

Faizeh Fouri is a mental health therapist at WCHC. She speaks both Arabic and English. Her daily work includes working with children and adults through anxiety and depression, post-traumatic disorder, adjustment disorder, ADHD and family conflicts. She has lived in Hamtramck for 22 years and joined WCHC 5 years ago. She loves working with children and gets referrals from Hamtramck Public School District. She enjoys building rapport and trust with parents because she shares a cultural and religious background with large parts of the community. Her hobbies include giving to the community, watching TV series, and listening to Arabic music.
