

Raouf Seifeldin,  
MD

Dr. Raouf Seifeldin is the Chief Medical Officer at WCHC. He's been a family physician in practice since 1991 and treats patients from newborns to older adults with a holistic approach. Being patient centered means that he's committed to advocating for patients within the contexts of families and communities. His favorite aspect of the Hamtramck community is the family coherence, and his favorite aspect of working at WCHC is interacting with the diverse community.
